Lucian Freud - Wikipedia

Freud tended to produce his etchings in an unconventional manner by propping up the copper plate on his easel and working directly onto the prepared plate from the model in front of him. Etchings like this were therefore made from direct observation, in a similar way to Freud's painted portraits, such as Leigh Bowery 1991 (Tate T06834). As with the painting of Bowery, here Dawson is presented in intense close-up and against a largely featureless background that divorces the sitter

Artwork page for 'Standing by the Rags', Lucian Freud, 1988-9 The female nude has been Freud's main theme for years. Critics have linked his work to the tradition of realism, but he pointed out 'there is a distinction between fact and truth. Truth has an element of revelation about it.' Like William Coldstream's paintings also shown in this room, Freud reminds us that this woman ...

Lucian Freud, Tate Britain | Global | The Guardian

Lucian Freud, renowned for his unflinching observations of anatomy and psychology, made even the beautiful people (including Kate Moss) look ugly. One of the late twentieth-century's most celebrated portraitists, Freud painted only those closest to him: friends and family, wives and mistresses, and, last but not least, himself.
